FIRST QUARTERLY REPORT

2017/18

## CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

# Management Discussion and Analysis

## BUSINESS REVIEW AND OUTLOOK

The shares of the Company (the “Share(s)”) were successfully listed (the “Listing”) on the GEM of the Stock Exchange on 12 April 2016 (the “Listing Date”). The Group is principally engaged in the provision of IT infrastructure solutions whereby the Group assesses, designs and implements IT infrastructure solutions for the Group’s customers by integrating different hardware and software sourced from third party suppliers to satisfy various IT requirements and needs of the Group’s customers.

### Business Review

For the three months ended 30 June 2017 (“Q1 FY2018”) as compared to the last corresponding period ended 30 June 2016 (“Q1 FY2017”), the Group’s revenue increased by approximately 3.4%, whereas gross profit decreased by approximately 10.4%.

### Business in the Private Sector

The Group’s revenue in the private sector decreased by approximately 21.3% from approximately HK\$38.7 million, representing 55.4% of our total revenue, for Q1 FY2017 to approximately HK\$30.5 million, representing 42.1% of our total revenue, for Q1 FY2018.

The Group’s gross profit in the private sector for Q1 FY2018 amounted to approximately HK\$4.9 million, representing 53.4% of our total gross profit and a decrease of approximately HK\$0.6 million, or approximately 11.3%, as compared to that of Q1 FY2017 of approximately HK\$5.5 million, which represented 53.9% of our total gross profit in Q1 FY2017. Our gross profit margin of this sector in Q1 FY2018 was approximately 15.9%, representing an increase of 1.8 percentage points as compared to that of Q1 FY2017 of approximately 14.1%.

We consider that the decrease in revenue from the private sector was primarily because the private sector had become more cautious on IT spending in light of the weakening economic outlook in Hong Kong and the increase in gross profit margin from the private sector was the result of our efforts in obtaining more favourable terms from our suppliers.

## Business in the Public Sector

The Group's revenue in the public sector increased by approximately 34.2% from approximately HK\$31.2 million, representing 44.6% of our total revenue, for Q1 FY2017 to approximately HK\$41.8 million, representing 57.9% of our total revenue, for Q1 FY2018.

The Group's gross profit in the public sector for Q1 FY2018 amounted to approximately HK\$4.2 million, representing 46.6% of our total gross profit and a decrease of approximately HK\$0.5 million, or approximately 9.5%, as compared to that of Q1 FY2017 of approximately HK\$4.7 million, which represented 46.1% of our total gross profit in Q1 FY2017. Our gross profit margin of this sector for Q1 FY2018 was approximately 10.1%, representing a decrease of 4.9 percentage points as compared to that of Q1 FY2017 of approximately 15.0%.

We consider that the increase in revenue from the public sector was mainly due to the increase in demand for IT infrastructure solutions from our customers in the public sector for the period. As we deployed more competitive pricing strategy to maintain our overall market share, our gross profit margin from the public sector was reduced.

## Outlook

The Group anticipates that the overall business environment remains challenging mainly as a result of the weak market conditions and weak economic outlook, slowdown in the growth of both the PRC and global economy. We consider that such weak economic outlook may cast uncertainty on the overall demand of our customers for the IT infrastructure solutions in Hong Kong and Macau, and in turn may have negative impact on our business volume and exert pressure on our pricing terms and hence on our profit margin and profitability. In view of the uncertain business environment, the Group will be cautious in managing the business risk; prepare to respond to the changes in such economic and business environment, and aim to strategically develop the Group's business to mitigate the said impacts. The Group will continue to focus on its core businesses and provide innovative and integrated IT infrastructure solutions to customers in both private and public sectors, to enable its enterprise and institution customers to extract maximum value from their IT engagements.

## FINANCIAL REVIEW

### Revenue

The Group's revenue increased by approximately 3.4% from approximately HK\$69.9 million for Q1 FY2017 to approximately HK\$72.3 million for Q1 FY2018, which was primarily attributable to the increase in demand from our customers in the public sector for IT infrastructure solutions in Q1 FY2018 as compared to Q1 FY2017.

## Gross profit and gross profit margin

For Q1 FY2018, our gross profit amounted to approximately HK\$9.1 million, representing a decrease of approximately HK\$1.0 million, or approximately 10.4%, as compared to that of Q1 FY2017 of approximately HK\$10.1 million.

The Group's gross profit margin for Q1 FY2018 was approximately 12.5%, representing a decrease of approximately 2.0 percentage points as compared to that of Q1 FY2017 of approximately 14.5%. The decrease in the Group's gross profit margin was primarily due to the Group's efforts in maintaining its market share by offering more competitive pricing under the challenging business environment.

## Other income and gains

Our other income and gains increased by approximately HK\$0.1 million, or approximately 114.3%, from approximately HK\$0.1 million for Q1 FY2017 to approximately HK\$0.2 million for Q1 FY2018. The increase was mainly due to the increase in interest income.

## Selling expenses

For Q1 FY2018, our selling expenses amounted to approximately HK\$5.8 million, representing an increase of approximately HK\$0.2 million (or approximately 3.4%) as compared to Q1 FY2017 of approximately HK\$5.6 million. Such increase was mainly attributed by the increase in our staff cost.

## Administrative expenses

The Group's administrative expenses for Q1 FY2018 amounted to approximately HK\$2.6 million, which was comparable to that of approximately HK\$2.6 million for Q1 FY2017.

## Income tax expense

## Profit attributable to owners of the Company

The profit attributable to owners of the Company decreased by approximately 57.6% from approximately HK\$1.7 million for Q1 FY2017 to approximately HK\$0.7 million for Q1 FY2018, which was primarily attributable to the abovementioned effects.
